

**Broadwest Corporation
Product Warranty**

The designer and manufacturer of the Rolloscope M, Control Research, Inc., offers a one-year warranty on parts of the Rolloscope M. Any service requests or orders for defective parts can be placed through Broadwest Corporation.

The dealer is expected to provide assistance to the customer in the initial "in-service" and operational set up of the machine. This dealer assistance plus any subsequent mechanical troubleshooting would not be expected to exceed a total 5-8 hours during the first 12 months after installation.

Replacement parts and technical guidance for warranty service would be provided at no charge by Control Research.

If a more serious technical situation develops, Control Research may elect to engage your service staff and guide them through a repair or send a representative from Chicago.

If you have any questions, please call:
